

SAN DIEGO KIWANIS

Tidings

XXXIII — No. 8 — Feb. 19, 1960 — 217 El Cortez Hotel — Telephone BE 3-0257 — Ed Abegglen, Secy.-Treas.

"Kiwaniis Watchbird"

There's a crook in our club! Who wiped the beautiful "Pooped Partridge" trophy which Marty Avison had made as an "inconspicuous attendance achievement" award? Last week's meeting was more riot than meeting and it was all the fault of the sexy Julius Fink, who, according to Joe Stephenson doesn't know the difference between the British and Canadian flags. Joe claims that our club hasn't had a "legal" meeting in months, because Julius persists in displaying a British (not Canadian) flag at the head table. What's more, Ed Abegglen also goofed . . . and forgot to have our club banner brought to the El Cortez when we moved from The San Diego Club. It appeared last week . . . about time! Ken Golden squawked loud and long (and with justification) because the club banner wasn't properly displayed . . . it was tilted at a most unflattering angle. New committee is being formed . . . it's the "Let's straighten out Fink, Abegglen, and the club banner Committee." Wanna

Gum Machine Locations Needed!

Dear Kiwanian:
Your gum machine committee feels you should know of the financial contribution made to your Kiwanis Club by these "silent salesmen". Since the beginning of this program, over \$12,825 has been received by the club with no capital investment involved. Our members have no responsibility other than securing loca-

tions for the placement of these machines. The revenue received is used by the San Diego Kiwanis Charitable Foundation Fund.

Candy machines which vend 5c portions are now available, also. These will vend such items as candy coated chocolates (M & M's), Boston Baked Beans and other glazed items.

We of the committee ask your help in securing more locations for either the 1c gum machines or the 5c candy machines. Be sure to give the name of the location and the name

of the person to see when the machine is installed.

Offices, shops and retail establishments should be suitable sites. In fact, any place where several people work or any place with passing foot traffic should be a desirable location.

Our thanks to you for every card you can get signed.

Sincerely yours,
Earl Studley

Gum Machine Chairman
P.S. The location has no responsibility whatsoever. The machines are insured for all liabilities.

Program

TUESDAY, FEBRUARY 23, 1960

EL CORTEZ HOTEL • CARIBBEAN ROOM

Subject

"RESEARCH IN HOUSING"

Speaker

DANIEL B. GRADY

Research director and production manager of Severin Company and director of National Association of Home Builders, is well qualified to give the national as well as the local picture in residential housing. As time allows, he will answer questions following his talk.
