The 150th anniversary of the inauguration of George Washington as president under the Constitution will bring to a close the anniversary period which has been celebrated for the past year in different ways.

We have heard much of our Constitution in the past few years and the need and importance of maintaining it under any and all circumstances and it will be another treat to have this talk by Professor Osborne.

THE KIWANIS TIDINGS

"PROPOSITION Shall the contract between the United States of America and the City of San Diego, executed by the mayor of said City on the 2nd day of October, 1934, a full, true and correct copy of which is on file in the office of the City Clerk of said City, bearing Document No. 289436, to which attention is directed for the full terms, specifications and provisions thereof, and which contract in general provides that the United States will construct a canal from a dam in the Colorado River to Imperial Valley, so as to provide a designed capacity of one hundred fifty-five (155) cubic feet of water per second to be used by the City of San Diego, and that payment by said City for such work will be that proportion of the total original construction cost, and operation and maintenance cost that the capacity provided in said canal for said City bears to the total capacity for said canal; said payments to be made in not to exceed thirty-eight (38) annual installments, and which involves the payment of money out of the appropriations of thirty-eight (38) fiscal years, commencing with the calendar year next succeeding the year when notice of completion of all work provided for in said contract is given to the City, be approved, ratified and made effective by the electors of said City?"

YA-CHING LEE

Our charming speaker of the day for last Tuesday, Miss Ya-Ching Lee was very pleasing and gave a very graphic description of the warfare now on in her native country.

The trials and tribulations of her country and the high ideal through which they are maintaining shows well for that country and we wish Miss Lee all success in her present undertaking of raising funds for the civilian refugees which are increasing daily.

An offer to take any member for a ride who had not previously been up in an airplane was most gracious on her part but we are sure none accepted the offer. (Shame on you.)
