

# Total War Bonds Sold through our Club

## \$2,186,207.50

Jim McKinney, chairman of the War Bond Committee made his final report to the club in the recent campaign.

The amount was somewhat staggering for it more than doubled the desired quota.

One hundred per cent of the members bought bonds and the membership itself bought nearly one hundred thousand dollars worth.

The entire sum recorded as bought by our members and sold through them reached the staggering sum of \$2,186,207.50.

We are proud of this achievement as it again shows that with a little effort on the part of the individual, much can be accomplished.

## What's Cooking in Kiwanis ?

It is rather hard to realize the enormous amount of good work being accomplished by Kiwanis Clubs throughout International until one reads the report of Pete Peterson, International Secretary who gives us these pertinent facts of good work done by the 2290

Clubs in the United States and Canada during the past year.

According to his report, here are the startling figures:

Spent on Youth Services .....	\$1,828,360
School Lunches (persons) .....	339,201
Scout Troops Sponsored 2,363 enrolling .....	72,869
Vocational Guidance offered 217,695 high school youths.	
War Bonds Sold.....	\$783,399,804
Raised for Red Cross, U.S.O., and Home Front activities .....	\$6,353,918
Blood Donors: (pts.)	
Members .....	62,484
Others .....	87,406
Members of Armed Forces honored .....	2,498,014

"More than 14,700 Kiwanians have been in the armed services. Of 1,510 who have been demobilized to date, seven out of every ten have returned to active membership in their home clubs. We should be constantly alert to welcome these Kiwanis veterans back into our ranks and to make sure that they feel welcome."

He concluded: "A Chinese sage once wrote: 'If you would plan for a year, grow wheat. If you would plan for a decade, grow trees. If you plan for a century,

La Mesa, Ernie's Rancho,  
Highway 80 East of Grossm't p.o. 12:10

grow men.' As we intensify our efforts to hasten the day of Victory, and give attention to the problems of reconstruction, Kiwanis will continue to give primacy to human and spiritual values."

FOR SALE OR RENT, one flat top mahogany office desk, in excellent condition. Call Franklin 7165 and ask for 4% Harry Fraser of the Fraser Mortgage Company.

Col. Colby, Guest Speaker

Past President Colonel Elliott G. Colby, who has been in the Pacific area for many months is again with us for a short stay and will be the guest speaker next Tuesday.

Elliott has been doing outstanding work in the medical field during his service in the army and has received citations for the work accomplished.

His topic will be "A Medic's view point of the Pacific Area" and should prove interesting.

Walter Knox will be program chairman.

Our head table was graced last Tuesday by the ladies, Officers of the Kiwaniannes and the wives of our club officers.

It is certain that all of the lady guests enjoyed the talk given and we are sure that they will be grateful to be invited for future talks of similar import as was given by Mr. Rony.

The meeting was one of the largest held for some time and the nearly one hundred fifty guests and members taxed the service of the room but the situation was met in a very satisfactory manner by Mrs. Brele, hostess of the club.

---

Sign on a church bulletin board;  
"A man all wrapped up in himself  
makes a very small package".

---

## Increased attendance for both clubs.

We are just in receipt of a weekly bulletin from the New Orleans Kiwanis Club and note that they held trials for their absentee members for "conduct unbecoming a good Kiwanian—and for contributing aid and comfort to the enemy—"San Diego"—by being A.W.O.L. from Kiwanis meetings in June."

It is sincerely hoped that both Clubs have profited in attendance during this attendance contest and from reports from that club, we know that we have for both clubs have increased their attendance very noticeably during June.

Our final report for June will show that attendance reached a near high point of 94.84% which is far above our average attendance for the first six months of 1945, this being 91.01 so a little spurring does a lot of good every once in a while and while we did lose to New Orleans, due primarily to the fact that we gave them a

handicap of eleven points, it did both clubs a lot of good.

Let us now keep up this good work and perhaps enter into other contests with other clubs from time to time to give us further impetus in arriving at a perfect score.

It should be here noted that two clubs in this eleventh division achieved a perfect 100% score during the month of April, (International 100% month) and several clubs have been able to attain that score from time to time.

Our own California-Nevada District has several excellent scores to its credit and reached an all time high during April with 38 Clubs having attained the 100% mark.

This is a good mark to shoot at and our club should and must come more nearly making their goal than past records indicate.

---

## GET YOUR TABLE No.

The reception committee is somewhat dismayed at the seeming lack of cooperation of members who noting the numbers on the tables still neglect to take proper number tickets from the front desk, allocating them to certain tables.

Please DO NOT SIT DOWN AT ANY TABLE WITHOUT HAVING A TABLE NUMBER CORRESPONDING TO THE NUMBER AT THE TABLE.

The committee is earnestly trying to accomplish a plan of getting the membership better acquainted and this is the way to do it.

Be sure therefore, when coming to the meeting to get a table ticket from some member of the committee at the door and do not sit down until you do.

Help this committee in their work. You will also do yourself a favor.

## "Dynamic"

Few of us really understood the word "dynamic" until we heard the talk given Tuesday by George Rony, foreign born Naturalized citizen. Russia and her future policies as his subject.

Mr. Rony who appeared before us more than a year ago again talked straight from the shoulder, without mincing words and gave us a clear picture of the Russian situation as regards the future of the world.

Giving a very clear picture of relations with Russia and the probable intent of that country in her future relations with the world domination, her Asiatic policies and intentions, we have much to think about and undoubtedly there is much that can be read between the lines in the various talks and statements by Russia during the recent past periods of re-establishment of "peace".

A situation is rapidly arising in which all major nations must watch carefully their development lest we find ourselves sitting on another keg of dynamite in the near future.

With Europe in the throes of a continental revolution, with chaos and mistrust seemingly dominating the thoughts of nation against nation, with the desire uppermost in the mind of certain European countries of greater domination, it behooves us to look well into our own house to start to straighten out a sore mess, created by the present war spirit prevailing the world.

Mr. Rony is a student of these world problems and certainly seems to be in a clear knowledge of things to come as he formerly predicted several world events which came to being as predicted, these being all predicted upon his careful study of conditions and his predictions for future events to come will be well worth watch-

**PROGRAM**
