### SOME THOUGHTS ON COMMITTEE ACTIVITIES

*To continue comments on 'what's happening' in our Club...STEVE NEPTUNE, Key Club, (1st Int. Bank) maintains close liaison with the youth at SD High...BOB AMON'S Agri/Conservation group has been busy this year. Many spec. projects plus up-keep on their tree farm...WALT WALTON heads the Military Affairs Comm., very active, provides contact with SD Military, honors outstanding service people at meetings...MEL STEIN does searches for Moral Fibre awardees--we have done several this year...BEN HAGAR'S Bus/Public Affairs Comm. has created many new and worthy community projects...KEN ODEN'S Spiritual Aims Comm. involves the Club in service, recognition, and attention to important needs...ANDY ANDERSON has been doing a super job of planning Sports events. (We even beat the Rotary golf team this year!) As you've read in these pages in past weeks, MOON CHAPPLE'S Major Emphasis Comm. has made major contributions to an outstanding project in the city schools to counsel youth in their pursuits of education (Club received single recognition from the San Diego Board of Education for our support of this project!)...and so on, as our Club continues their wonderful contributions to the San Diego Community.*

THE OLDER I get the more wisdom I find in the ancient rule of taking first things first—a process which often reduces the most complex human problems to manageable proportion.
