

Easter Musical program
promises a real treat.

LADIES DAY

Next Tuesday is to be Ladies Day and we will again enjoy our annual Easter Program which will be under the sponsorship of Berma Bonham with Frank Lowe as chairman.

The Bonham Brothers Boys' Band, under the leadership of Jules Jacques, will furnish the musical numbers of the day and we are sure you will enjoy this treat.

The "Band" will give several Easter Concerts, one of which will be at the First Methodist Church on Sunday evening next, and the final concert on Easter in the Russ Auditorium in the afternoon.

Members are invited to attend these concerts and those desiring to attend the Concert at the Russ, should avail themselves of the offer of free tickets to reserved seats which may be obtained at Thearle Music Company.

You invariably lose by
non-attendance. Ask Lee
Bannister.

Won't Lee Bannister's face be red when he learns that he just missed out on being handed a five dollar bill at last week's meeting when the attendance committee dished out "gifts" to members for their attendance.

Yes, Lee, you had been one of the "chosen" ones for this gift and were not present to receive it.

Dr. George Warmer was the other lucky recipient of a gift in the nature of a carton of cigarettes. George, however, does not smoke, so in professional courtesy handed the carton to one of his contemporaries, Canon C. Rankin Barnes. That's teamwork for you.

Some time in April the committee will again have gifts for members and we would suggest that YOU be present to receive your "present" when offered.

"Half the shadows of life come from standing in your own shadow."

 Highway 80 East of Grossm't p.o.

Lest we forget our objectives for 1945, we are again printing them for your perusal.

KIWANIS OBJECTIVES FOR '45

Hasten total victory—Accelerate club war activities.

Exert our influence to establish and maintain world peace.

Enlist every Kiwanian in a club or community project for service to returning veterans.

Cooperate in community post-war employment programs.

Promote understanding and cooperation among social and economical groups as essential to National Unity.

Intensify Kiwanis youth services—Build future citizens.

Fulfill citizenship obligations else we forfeit government.

Further the friendship between Canada and the United States as a world example of international goodwill.

Work to preserve freedom of opportunity for all.

Stress spiritual values as vital to human progress.

WIN THE WAR—BUILD FOR PEACE.

The attendance has fallen down more than necessary during January and February and with our showing of 93.53% for December, as a goal, we should by all means be able to do better than our 90.82% for January and our 91% for February.

Gosh, fellows, can't you stretch it a little bit and do something about making up if unable to attend your regular meeting?

The following announcement

was received too late for publication in the last week's issue of the Tidings, and members, committee chairmen, and those desiring to have some article printed in the Tidings MUST get their copy to the secretary not later than Tuesday for publication in the next issue.

We are sorry it arrived too late (Saturday) and hope that members receiving their Tidings will immediately phone their ladies about this important meeting of the Kiwanianes, as this issue will be delivered to your address on Monday morning and the meeting referred to is at noon of the same day.

San Diego Kiwanianes will meet at the home of Mrs. Arthur G. Peterson, 5402 College Avenue, Monday, March 26th, at 12 o'clock noon.

Mrs. Arthur Shoven, program chairman, announces that one of our own members, Mrs. Harvey D. Allen, will entertain us with one of her interesting book reviews.

Mrs. Thomas Russell, president, is desirous of a good attendance of members, as there will also be an election of officers for 1945-46. Present officers in addition to Mrs. Russell are Mrs. Arthur Shoven, vice president; Mrs. Ray Murray, secretary; Mrs. Russell Stowell, treasurer.

OCEAN BEACH

"Dick" Barbour guest speaker

Not much improvement in child delinquency can be expected in San Diego until the mothers are back in the home instead of in war pants, Dr. Richmond Barbour, director of guidance in the San Diego public school system told the Ocean Beach Kiwanis Club Tuesday evening. His topic was, "Problems of the Growing Child in a Growing San Diego." Bob Sharon was pro-

gram chairman.

Though the number of arrests for child delinquency has not particularly increased here and though truancy from school is on the decline, school discipline is getting more and more difficult and there is a doubling of stammering in pre-school age children indicating increase in emotionally upset children, Barbour declared. He listed the following as the seven conditions that contribute most to child delinquency here:

1. Absence of mothers from the home.
2. Lack of a father in the home.
3. Loss of normal home restraints.
4. Lack of community recreational facilities.
5. Too much money in the children's pockets.
6. Large numbers of unattached uniformed males.
7. Racial conflicts.

While it is difficult to provide much remedy for the situation as long as the war is on, the speaker suggested that more recreational facilities, more activity on the part of the character building agencies, particularly the Boy Scouts and the Girls Scouts, better teen-age centers and improvements in the activities of the public authorities.

Barbour also was somewhat pessimistic about the first few years immediately following the war. He said that children born during the war are not getting the normal home training that they should have and as a result will mean more child delinquency. He predicted, however, that as our homes return to normal living we will see a gradual decrease in such delinquency.

Visitors at the meeting were Walter Krames of the San Diego Club and Bob Fuller and Andy Anderson of the La Mesa Club.

Father Phil Harris will be program chairman for next week's meeting.

Typewriter needed

Glenn Mitchell advises that the "Buddy Beds" Organization is badly in need of a typewriter for office use. They wish to buy or borrow one.

Any one knowing of the availability of a machine, should get in touch with Glenn at W-2213.

Geoffrey Morgan gives informative talk.

Geoffrey Morgan again gave us a good talk and rather opened our eyes to the need of the future for more Air Fields to handle the post-war air transportation.

He called attention to the fact that aviation is controlled and limited by airports of which there are far too few at present throughout the United States to adequately handle the future needs in this direction.

With runways in some instances two miles long, the larger cities are preparing NOW for the inevitable in this field of transportation and our own limitations will be dependent upon our airfields and facilities.

His comment that out of 1827 American cities that are qualified for airports, only 286 have constructed them.

Much has been learned about flying in recent years through our forced education in the battle zones and this of course will be a large factor in the flying of the future when thousands of individuals will have had the air experience which will enable them to use the skyways for airways.
