

Kiwanis Foundation Scholarships

The San Diego Kiwanis Club (you fellows), through the agency of your Kiwanis Foundation are now the donors of two modest scholarships.

The project was approved in principle by the Board of Directors several months ago. A special committee headed by Past President **Herb Peiffer** recommended the criteria and conditions to govern the awards. The Board adopted the committee report, recommended it to the Foundation Board of Trustees, who in turn accepted it and approved the allotment of funds. The scholarships will be awarded as follows:

(a) one to a graduating student of San Diego High School and one of Lincoln High School, who are eligible for and enrolled as undergraduates at San Diego State College.

(b) Recipients will be selected on the basis of (1) Scholarship, (2) Leadership Potential and (3) Need.

(c) Selection will be by the faculty scholarship committees of the schools concerned, on the basis of (b) above, and without discrimination as to race, creed or color.

(d) Upon notification by the school authorities of the selections, and notification from the Registrar of State College that the candidates are enrolled, the scholarship funds will be deposited with the College for credit to the students' accounts for tuition, fees, books, etc., at the rate of \$50 at the beginning of each semester.

It is our hope that by means of this program our club may be instrumental in encouraging some brilliant student who might otherwise go no further than high school to go on and fill the ever-increasing

Subject

"THE TRANSISTOR STORY"

Speaker of the Day

PAUL W. TOMLINSON
of the Pacific Telephone Co.

The role of a dime-sized electronic device in the future of communications will be discussed and demonstrated.

The transistor, composed of bits of crystalline germanium, already is used in many fields of electronics although it was developed less than seven years ago. Destined to replace vacuum tubes in many applications, it can perform nearly any task of the vacuum tube but requires much less power—as low as one millionth of a watt. It is sturdier, doesn't radiate heat nor require a warm-up period. Tests indicate the device can be expected to operate for 40 years or more.

Using the miniature device, Mr. Tomlinson will show how it can boost an electric signal several thousand times and thus prove of special value in hearing aids, miniature radios and telephone work.

similar purposes. Maybe you know some one who would like to help us as

Inter-District Inter-Club Meeting at Las Vegas, Nevada LADIES DAY

Thursday Noon, May 26,
New Frontier Dining Room

District Governor "Hi" has invited the Utah-Idaho and Southwest districts to participate with us in this great affair and it should be a thriller.

ATTENTION!

25-Year Members: Phone Bill Whitney About Pins

Secretary Bill Whitney requests members who may have a total of 25 years in Kiwanis due to membership in other clubs before moving to San Diego to telephone him at BE 2-1654.

Seven members who now wear their 25-year pins are Harry Fraser, Charles Brown, George Hill, Bob Mueller, Hugh McKie, Harvey Atherton and Clay Lewis.

Borrego Calling!

Another Inter-Club has been set for May 19 with the Borrego Club. It will be held in the Borrego Desert Club at 6:30 in the evening. *Ladies Invited.*

Call Tom Baldauf for reservations, BE 9-1163.

Some Travelling!

Griff Hayes reports that the aggregate of miles travelled by members of our club to the last three Inter-Club meetings was over 2900. That must be a record of some kind and shows a real interest in Kiwanis activities. Seven attended Lakeside, ten at El Centro, and nine went to La Mesa.

Golfers, Attention!

Members of our club are invited to participate in the Second Annual Interdivision 11-21 Golf Tournament to be held on Sunday, May 29 at Rancho Santa Fe Golf Course

starting at 7 a.m.

Members wishing to enter this tourney should do so by sending a check in the amount of \$5.00 to Club Sports Chairman Dick Thomas at

San Diego State College, San Diego 15, California. This fee includes prizes, refreshments and green fees. Entries should be received by Dick no later than May 21.

In order to give all golfers an equal chance, the Calloway system of automatic handicapping will be used. Eleven of our members entered the tourney last year and walked away with several prizes. Let's see if we can't do better numerically and artistically this year.

The host club, Pacific Beach, is still soliciting prizes for this event. If any of our members wish to donate merchandise for awards they should contact Dick at Juniper 2-8383 as soon as possible.
