THE PROGRAM

Our next program will indeed be unique. Again because of the extensive contacts of several of our fine members, our Club will be able to hear from outstanding business and industry specialists in the field of professional management.

The panel of experts that will visit with us have toured our country extensively. They have national reputations as consultants, trouble shooters and problem solvers. At least one of our guests will be visiting us from a foreign country.

Since our speakers are members of a large industrial group of itinerant lecturers, we will not know their individual identities until after the deadline for this week's Tidings.

Be assured this will be a program long remembered as a highlight of our 1981 schedule. Attendance is a must. Be sure and be present for this outstanding event. Bring your lady and friends.

LADIES DAY

PREZ SEZ

This is the 52nd week of our current Club year. Next Tuesday we welcome Prez-Elect PAUL and his 1981-82 management team as they embark on another year of member involvement in our wonderful San Diego community.

Club leaders come and go, but the work of Kiwanis goes on through the interest, dedication, and enthusiasm of the membership carried on, as it has for 62 years, by the loyalty of those "who take the time to care".

The fellowship, great programs, and fun each Tuesday is the identity of a spontaneous organization made up of similarly motivated men who put actions where their beliefs are. They know the rewards that accrue from giving of themselves toward Club objectives.

We have attempted to recognize as many as possible in the Tidings and at meetings, but there was never enough time or space. To all we say "thank you" for your personal contributions this past year in our Club and for San Diego.

To have been the President has been a distinct honor, but - more importantly, a rare, inside opportunity to observe at first hand the many sincere, thoughtful, highly motivated men expressing themselves for others with deeds and actions.

Another great year! Now we press on to new and exciting opportunities for another 12 months! On behalf of the Club Board of Directors, congratulations for your successes. You made it all happen.
